WESTPORT, Conn., Sept. 13, 2012 /PRNewswire/ -- Chateaux Software ([www.chatsoft.com](http://www.chatsoft.com)), a leading provider of business intelligence and lean architecture solutions, announces the establishment of a strategic Advisory Board. The Advisory Board is comprised of influential technology leaders who will complement the leadership team and support Chateaux in their mission of providing exceptional technology solutions to the marketplace.

Members include David Berry, former Interim CIO of TOMS Shoes, smartShift, and Polycom; Jason Molfetas, CIO, Amtrak; Joseph Puglisi, CIO, QDMH Marketing Partners; and Mark Nelson, Vice President IS, North America, William Grant & Sons.

"We are honored to have the opportunity to work with such a talented group of individuals, and are excited to see the positive impact the addition of the advisory board will have on the company as we continue to grow and expand to new markets," stated Ken Zimmerman, Principal of Chateaux Software.

Each member brings valuable experience, guidance, and insight to the strategic decision-making process. Their wealth of knowledge and expertise, as well as their exposure to new technologies and current industry topics, will help keep Chateaux ahead of the curve.

"I am pleased to have the opportunity to help establish and serve on the Advisory Board for a top notch company who listens to their customers; a company genuinely interested in the continuous development of new and innovative offerings to better meet their customers' needs," stated board member Joseph Puglisi.
